

## **Raketlampuitreiking**

*Congratulations, you have successfully completed the talentprogramma!*

From your trajectregisseur, you will receive a raketlamp. This raketlamp symbolizes your development: "you're soaring like a rocket." It signifies the personal growth you've achieved over the past months.

We would like to take a photo of you with your trajectregisseur, teamleader, and the raketlamp. This photo will be featured in the Ons IBN Newspaper and the Ons IBN App, but only if you give consent via a form.

Best of luck in your future career!
